

CALL FOR PAPERS

2026 5th IEEE Forum for Innovative Sustainable
Transportation Systems (FISTS)

Cairo, Egypt | February 4th – 6th, 2026

Organizing Committee

General Chair

Omar M. Shehata

German University in Cairo

Program Co-Chairs

• Africa & MENA Region

Catherine M. Elias

German University in
Cairo

• Europe Region

Jonas Mårtensson

KTH Royal Institute of
Technology in Stockholm

• Americas Region

Ziran Wang

Purdue University

• Asia-Pacific Region

Jia Hu

Tongji University

Publication Chair

Fernando Garcia

Fernandez

Universidad Carlos III

Finance Chair

Dalia M. Mahfouz

German University in Cairo

Local Organization

Chair

Maggie Mashaly

German University in Cairo

Industry Engagement & Sponsorship Chair

Meng Lu

Aeolix ITS, The Netherlands

Call for Papers

The goal of FISTS is to bring together world leaders in Intelligent Transportation Systems with a focus on the environment and sustainability. Papers will cover technological solutions, implementations, and policy. A variety of transportation modes will be addressed, including on-road vehicles, transit systems, shared mobility, and freight systems.

Topics of Interest

The IEEE FISTS committee invites technical papers that will undergo the standard IEEE peer review process and will appear in a conference proceeding.

- Environmental Impact Assessment of One or More ITS Solutions
- Zero-Emission Vehicles (e.g., Electric Vehicles) and/or Infrastructure Needs
- Battery Management Systems
- Connected and Automated Vehicle designed specifically for Environmental Sustainability
- Sustainable Freight, Marine, and Aviation Solutions
- Renewable Energy/Fuels for Transportation
- Shared Mobility Solutions designed for Environmental Sustainability (including micro-mobility)
- ITS Solutions that Reduce Total Vehicle Kilometers Traveled
- Transportation Policies Aimed towards Climate Mitigation and Adaptation
- Renewable Energy for Transportation in Drylands Countries
- Mobility in High Population Density and Traffic Congestion Countries
- Environmental Sustainability Solutions in Developing Countries

Submission Guidelines

Complete manuscripts in PDF format must be electronically submitted for peer review in IEEE standard format (6 pages, double column). Accepted papers will be published in the conference proceedings on IEEEExplore.

Detailed submission instructions can be found on the paper submission website:

<https://its.papercept.net/conferences/scripts/start.pl>

Important Dates

- **Submission Deadline:** November 1, 2025 (FINAL)
- **Notification of Acceptance:** December 7, 2025
- **Final Manuscript Due:** December 21, 2025
